- ✓ New drivers
- ✓ Fitness to drive assessments
- ✓ Vehicle modifications
- ✓ Help with NDIS funded lessons
- ✓ Learn with a wide-range of vehicle modifications
- ✓ Dual-controlled driving instructor vehicles used at all times

OT Driver Assessments help determine a client's capability to drive safely, whether impacted physically or cognitively.

Our certified Driver Rehabilitation Occupational Therapist is well qualified and experienced to support clients requiring assistance with driving, and completing assessments.

## Our Process

## FAQs

Responses to some of the most common questions we receive.

### How long does an assessment take?

Most assessments take 2.5 hours. However, time varies based on individual requirements.

### When will the report be available?

Our OT will provide an approximate completion date once the assessment is completed.

### How much does an assessment cost?

We charge according to the NDIS Price Limits and a quote / Service Agreement is provided for approval.

### Do you use your own vehicle for the assessment?

We engage a qualified and accredited Driving Instructor and use their vehicle (modifications available).

### Are your offices wheelchair accessible?

Please let us know if you / your client are unable to use stairs. We will make appropriate arrangements to meet you at an accessible venue.

### How do I submit a referral or get more information?

You can call or email us, or visit our website to provide your details on our contact form. Referrals can also be submitted on our website.
